

Statement Account Premises Balances

ATCO CIS displays a statement account's balances totalled by service company and premises.

Some municipalities have the ability to transfer balances from a customer's unpaid charges to the municipality's tax roll. This way, municipalities can add these balances to the customer's property taxes, thereby ensuring customers pay the balances when their property taxes are due. The municipalities can also transfer extra credits to offset property taxes owed.

About the Statement Account Premises Balances Window

The Statement Account Premises Balances window displays the accounts receivable balance breakdown for all premises and service companies that belong to a specific statement account.

Use this window to:

- View accounts receivable balances for a premises by company. For more information, see "Viewing Statement Account Premises Balances Information" on page 87.
- Transfer balances to a municipality's tax roll. For more information, see "Transferring Balances to a Municipality's Tax Roll" on page 87.

To open the Statement Account Premises Balances window

- Open the Financial function menu. Then choose **Statement Account Premises Balances**.
- or—
- Press **F5**. Then press **v**.

Svc Acct Company	Premises	Total Balance	Current Charges	30 Day	60 Day	90 Day
02	SE 340 14 4 CASTOR AB	\$ 10.50	\$ 10.50	\$ 0.00	\$ 0.00	\$ 0.00
02	SW 28 52 17 4 VEGREVILLE WEST REAL AB	\$ 42.29	\$ 42.29	\$ 0.00	\$ 0.00	\$ 0.00
02	NW 24 48 1 4 RIVERCOURSE AB	\$ 0.00	\$ 0.00	\$ 0.00	\$ 0.00	\$ 0.00
02	Statement Account Credit	\$ 0.00	\$ 0.00	\$ 25.00	\$ 0.00	\$ 0.00

Viewing Statement Account Premises Balances Information

Use the Statement Account Premises Balances window to view the accounts receivable balance breakdown for all premises for a statement account by service company. For more information about this window, see “About the Statement Account Premises Balances Window” on page 86.

To view the balance breakdown for all premises of a statement account by service company

1. Find the statement account record. For instructions, see the *Search Function User Guide*.
2. Open the Financial function menu. Then choose **Statement Account Premises Balances**. The balance breakdown appears in the Statement Account Premises Balances window.

Transferring Balances to a Municipality’s Tax Roll

Use the Statement Account Premises Balances window to transfer balances to the tax roll of the municipality that the statement account belongs to. For more information about this window, see “About the Statement Account Premises Balances Window” on page 86.

To transfer balances to a municipality’s tax roll

1. Find the statement account record. For instructions, see the *Search Function User Guide*.
2. Open the Financial function menu. Then choose **Statement Account Premises Balances**. The balance breakdown for the premises and service companies of the selected statement account appears in the Statement Account Premises Balances window.
3. From the Service Accounts table, select the premises you want.
4. Do one of the following:
 - In the **Action** list, choose **Credit Tax Roll Transfer**. Do NOT type anything in the Credit Transfer Amount box. ATCO CIS creates a credit tax roll transfer financial transaction that reduces all unapplied balances of the selected statement account to \$0.00.

—or—

- In the **Action** list, choose **Debit Tax Roll Transfer**. Then, in the **Credit Transfer Amount** box, type the amount to transfer to the municipality. ATCO CIS creates a financial transaction to pay the charges with an unapplied balance. The municipality can then add this amount to its tax roll and include the charges on the owing customer's property tax bill.

5. Press **Ctrl+S** to save.

Statement Account Balance Breakdown

ATCO CIS stores information about a statement account's balance breakdown.

About the Statement Account Balance Breakdown Window

The Statement Account Balance Breakdown window displays the 30, 60, and 90-day balance breakdown for a statement account's Budget Payment Plan and accounts receivables. This window also displays a balance breakdown list of all charges applied against the account, including the company and services charged.

To open the Statement Account Balance Breakdown window

- Open the Financial function menu. Then choose **Statement Account Balance Breakdown**.
—OR—
- Press **F5**. Then press **w**.

Co	Service	Actual Balance	Actual Current	Actual 30 Day	Actual 60 Day	Actual 90 Day	Requested Balance	Requested Current	Requested 30 Day	Requested 60 Day	Requested 90 Day	Statemented Amount	BPP Cred
02	EL	\$ 0.00	\$ 0.00	\$ 25.00	\$ 0.00	\$ 0.00	\$ 0.00	\$ 0.00	\$ 25.00	\$ 0.00	\$ 0.00	\$ 42.29	\$ 0.0
